SUMMARY

Dynamic Chemistry Graduate with a career demonstrating strong leadership, clarity of vision, and outstanding performance in diverse environments. Proven passion for analytical chemistry, sustainability, and well-versed in executing breakthrough campaigns, which not only make a difference in the world and benefit the society but ultimately drive competitive advantage. Accustomed to managing and collaborating with multi-disciplinary teams, consistently ensuring compliance with safety regulations while exhibiting outstanding leadership, communication, problem-solving, and project coordination techniques. Adaptive learner and proficient multitasker, ready to learn, identify areas for improvement, and optimize results.

AREA OF EXPERTISE

- Analytical Chemistry
- Process Improvement
- Sustainability
- Regulatory Compliance
- Project Management
- Data Analysis
- Public Speaking
- Laboratory Operations

EDUCATION

UNIVERSITY OF DURHAM |

Chemistry – Bachelor Second Class (Division One) Honours

2019 – 2021

Modules include Material Chemistry, Organic Chemistry, Physical Chemistry, Spectroscopic Analysis, Biological Chemistry, The Origins of the Periodic Table, Lab safety, Basic Laboratory Techniques

Qualified to participate in INTEL ISEF |

May 2017

- As the first-place winners in the energy category we were qualified to represent the country at INTEL ISEF.
- Developed relationships and networked with scientist and like-minded student at INTEL ISEF.

Designing an Experiment for University Qualification |

May 2019

- Designed an experiment to measure the amount acetic acid in vinegar using titration, during my foundation year.
- Supervised by the advanced chemistry teacher to ensure that the experiment was carried out with GLP, accuracy and precision.

1st Year Final Project |

February 2020 - March 2020

- Designed circuits to identify which of the three-dye sensitized solar cell was more effective. The dyes were analysed through an absorption spectrum to determine the correlation between the dye used and the maximum power output as well as with different coloured lights.
- Carried out a thorough research prior to the experiment to understand the science behind it.

EDUCATION, CONTINUED

2nd Year Biological Chemistry Module Project | February 2021 - March 2021

- Chose a research paper within the scope of the module, which was thoroughly studied and analysed, and a 3-minute presentation was prepared to illustrate the results of the analysis.
- Critically analysed the research papers, identified the key principles and findings behind the paper and presented the analysis to the module leader and fellow peers.

Chemistry and Society Projects | September 2021 - July 2022

- Critically analysed multiple research papers related to the presentation topics to identify and learn key principles.
- Preparing a 5-minute presentation and an executive summary within a group to simplify and present key principles of the topic.
- Won the best group presentation and the best individual poster presentation.

Final Year Dissertation | September 2021 - February 2022

- Chose a novel research topic independently, which was the applications of CRISPR systems towards a sustainable future.
- Executed research based on primary literature to understand the topic and discover the latest applications and breakthroughs associated with it.
- Wrote a 7,000-word dissertation and a 3-minute presentation reporting the research conclusions which was awarded First Class.

AWARDS

Best Student Presentation | PADI OW certified | National Paralympic Badminton Player | Bronze Award in the Royal Society of Chemistry Olympiad | 1st Place in the energy category at Think science 2017 | Partaken in INTEL ISEF | 1st place at GEMS coding (Scratch) competition | An Active Member in the Dubai Club for People of Determination | Main Spokesperson for the Dubai Club for People of Determination

WORK HISTORY

PACKMOJO |

Intern

2021 – 2021

- Worked on the social media platforms of this company as well as wrote blogs about sustainable packaging.
- Boosted engagements by 50%, Instagram got more viewers and reached more people.
- Successfully managed the complete project life cycle of strategic marketing campaigns from inception to closure, driving all project management.
- Consistently improve search rankings through content marketing, keyword research, and an unwavering focus on leading-edge strategies.
